Honorable David E. Bell
Director
Bureau of the Budget
Washington 25, D. C.

Dear Mr. Bell:

Reference is made to the letter of your General Counsel, Arthur B. Focks, dated October 19, 1962, which requests the views of the General Services Administration with respect to the proposed Executive order "Prohibition on Vessels Engaged in Trade with Cuba."

The proposed order, in our opinion, is capable of effectively producing the desired results, and this agency envisions no unusual difficulties in administering the terms of the order.

Sincerely yours,

cc:
